

OFFICE OF THE COUNTY EXECUTIVE

# *Milwaukee County*

SCOTT WALKER • COUNTY EXECUTIVE

March, 2006

Dear Vendors and Business Partners of Milwaukee County:

We write to you on the behalf of the young people of Milwaukee County. With the warm days of summer vacation on the horizon, our youth are already beginning to ask, "Where can I work this summer?" That is why, for the fourth straight year, we are working on a "Jobs for Teens" initiative for students between the ages of 15 and 21.

As partners, Milwaukee County and the Private Industry Council are seeking to increase the number of employment opportunities that will provide not only a monetary income, but also prepare youth with the life and workplace skills needed for the workforce of tomorrow.

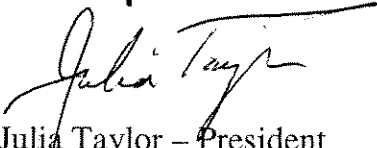

We are seeking cooperation from the business community, as well as our vendors and business partners throughout Milwaukee County.

Your support in the past has made this program a success and positively affected the lives of hundreds of our young people. Please join us again this year as we compile over 600 jobs for Milwaukee County area teenagers. You can help safeguard our community, secure solid workforce development for the future, and impact your business and our community here in Milwaukee County.

To participate, please contact the Private Industry Council at 270-1756 or visit [www.MilwJobs4Teens.com](http://www.MilwJobs4Teens.com) to list your job postings.

Scott Walker  
Milwaukee County Executive

Julia Taylor – President  
Greater Milwaukee Committee

Gerard Randall – President and CEO
